

# Storage

FOR HEALTHCARE

## CHILDREN'S HOSPITAL MOVES TO A NEW WING AND NEEDS A NICE LOOKING, HIGHLY EFFICIENT STORAGE FACILITY

- WHAT:** Cook Children's Medical Center, Fort Worth, TX.
- PROBLEM:** The client was moving into a new wing of the hospital and wanted the facility to have a nice appearance, while at the same time allowing for adequate storage for current requirements and opportunities for increased storage as needs expand.
- OBJECTIVE:** To add more chart capacity, and have it look nice while allowing multiple person access.
- SOLUTION:** Install a storage system that would allow increased storage for records.
- PRODUCT:** Spacesaver Mechanical Assist Mobile Se Systems.

## UNIQUE FEATURES

- Additional rail was added to allow for future carriage expansion.
- Smooth easy movement allowing for safe storage.

## BENEFITS

- There is plenty of room for chart capacity enhancement.
- The system allows for multiple person access.
- Improved efficiency and maximization of space.

"We like it!"
